INSTITUT D'ENSEIGNEMENT SUPÉRIEUR DE RUHENGERI (INES-RUHENGERI)

FACULTY OF APPLIED FUNDAMENTAL SCIENCES • DEPARTMENT OF SOFTWARE ENGINEERING

Student Declaration of Originality and Academic Authenticity

Course Code: SWE 3409 — Mobile Application Development

Assignment Title: Individual Assignment 2: My Name Is Personal Portfolio App

Academic Year: 2026/2027

Student Statement of Authorship

I, the undersigned student, hereby declare that the mobile application, source code, documentation, wireframes, test logs, and standalone Android APK package submitted under repository **MOB_A2_2527585** represent my own individual and original work in accordance with the academic regulations of INES-Ruhengeri.

Specifically, I confirm that:
1. The core identity sentence *“My name is Joel Eliezer Youto Mongar Jr.”*, professional headline, and biography are personal to my academic journey.
2. The technical competencies and projects (EcoTrack Ruhengeri Municipal Solid Waste Logistics App and INES Student SACCO Ledger) reflect my genuine contributions without fabricated claims.
3. The codebase was constructed using React Native, Expo, and TypeScript functional components, implementing controlled validation, native navigation, and AsyncStorage persistence.
4. The application has been packaged and tested as a standalone installable APK using EAS Build without reliance on Expo Go.
5. Artificial intelligence assistance has been ethically utilized for scaffolding and documented in evidence/AI_USE.md in strict compliance with university policy.

Student Full Name:	Joel Eliezer Youto Mongar Jr
Registration Number:	25/27585
Verification Code:	**MOB-A2-7585**
Submission Date:	October 12, 2026
Electronic Signature:	***Joel E. Y. Mongar Jr.*** **(Verified)**
